

# STORE YOUR FIREARMS RESPONSIBLY.

Properly securing firearms when not in use is the #1 way to help prevent accidents, thefts and misuse. It's a simple step that can make a real difference in making your home and community safer.

That's why your local law enforcement agency proudly partners with Project ChildSafe® to provide free firearm safety kits, including a cable-style gun lock, to your community.

### Questions?

Reach out your local law enforcement department or to the Project ChildSafe team at [PCSStaff@nssf.org](mailto:PCSStaff@nssf.org). Firearms retailers and shooting ranges are also good sources of gun safety information.

## HELP PROMOTE FIREARM SAFETY IN YOUR COMMUNITY BY FOLLOWING THESE IMPORTANT GUIDELINES FOR SAFE STORAGE:

Unloaded firearms should be stored when not in use in a locked cabinet, safe, gun vault or storage case. The storage location should be inaccessible to children.

Gun locking devices render firearms inoperable and can be used in addition to locked storage. If firearms are disassembled, parts should be securely stored in separate locations.

Ammunition should be stored in a locked location separate from firearms.

Thoroughly double check firearms to confirm that they are unloaded when you remove them from storage.

Since 1999, the National Shooting Sports Foundation, through Project ChildSafe, has distributed more than **37 million** free firearm safety kits that include a cable-style gun lock to gun owners in all **50 states** and the five U.S. Territories through partnerships with more than **15,000 local law enforcement agencies**.

Project ChildSafe is a national firearm safety program developed and sponsored by the firearms industry and National Shooting Sports Foundation. Project ChildSafe Inc. is a 501(c)(3) tax-exempt, nonprofit charity whose purpose is to help fund the program's safety initiatives. All donations to the organization are tax deductible to the extent allowed by law.
